IDF World Dairy Summit 2023

October 16-19, 2023 | Chicago, IL USA

The **IDF World Dairy Summit (WDS)** is IDF's global, annual symposium that brings together more than 1000 dairy industry stakeholders from 35+ countries for a thought-leader, policy, scientific and technical conference, as well as networking events. The IDF WDS provides the U.S. Dairy industry with the opportunity to promote its approach to sustainable farming and processing and the key role that science-based decision-making and trade play in a flourishing dairy sector. US-IDF is honored to be able to host this global event in Chicago in 2023.

Be Seen and Be Engaged at the world's largest dairy conference, happening in Chicago, USA in October 2023.

BE Engaged

The IDF WDS offers a multi-disciplined program targeted towards multiple sectors of the industry. The Program Committee is currently working on the topics and speakers for the 2023 Summit. This forum will provide the opportunity to engage with government administrators and industry leaders at a flagship event aligned with current agricultural priorities of efficiency, productivity, and sustainability. Company and organization leaders will want to participate in the discussions that take place during this Summit, which will form ideas and make decisions for the future of the dairy industry.
